ONE DAY WITH VOLUNTEER.

НОМИНАЦИИ:

Copywriting & Storytelling, Commercials: internet film

TASK:

2020 has been officially declared as the Year of Volunteer in Kazakhstan. In our country sporadic community cleanup activities or passive event participation are often mistaken for volunteering, while volunteers are seen as source of free labor.

SOLUTION:

We created a series of 24 episodes with the self-explanatory title "One day with volunteer". The characters talk about themselves, what they volunteer in, problems they face and good things they enjoy. Their stories debunk the myths about volunteering and for some people possibly open new world of volunteering.

The film crew literally follows in the character's footsteps. We follow his schedule to demonstrate what it's like to be a volunteer.

The videos are posted on Nursultan Kurman's Youtube channel.

не знал, что есть возможность выходить на археологические раскопки без образования, да ещё и тем самым вносить вклад в развитие памятников культуры. спасибо за информацию! а Нурболату и команде удачи! не теряйте запал!

*People come to this world crying
Because there are people who torment them
People leave this world crying
Because there are people who won't let them go*

*Said Kazakh poet Kadyr Myrzaliyev (Kadyr Myrza Ali). I wish you
to have few ill-wishers and many close friends. Be ambitious
and surrounded by your own people!*

Бұл өмірге адамдар жылап келіп жатады,
Жылайтұғын себебі адамдар бар қинайтын.

Бұл өмірден адамдар жылап кетіп жатады,
Жылайтұғын себебі адамдар бар қимайтын!

– деп Қадыр Мырза-Әлі ақынымыз айтқандай өзіңе тілегім, қинайтын дұшпаның аз болып,
қимайтын достарың көбейсін! Айналаң қаумалаған қалың ел болып, абыройың асқақтасын!
