# КОММЕНТАРИИ О МЕРОПРИЯТИИ

Tashkilotchilar va targ'ibot ishlariga gap yo'q. Tadbirni intizorlik bilan kutaman

Men va ayolim birga borishga harakat qilaman.

Organization is well-done. I am looking forward to the next event. I'm gonna with my family.

Бундай тadbирни тез-тез утказиб туринглар имкон кадар

men juda xursandman bu soha bo'yichayam o'qituvchilar o'rgatuvchilar borligidan

I am so glad that there are trainers in this field as well.

Men Qaahqadaryo OAV Milliy asosiatsidama muharrir,bir necha saytlarda muhbir bo'lib faoliyat yuritaman .Grafik dizaynini o'rganish men uchun juda kerak.

I am journalist at Kashkadarya Mass-Media. Learning graphic design is important to me.

O'tkan galgi tadbirdan kotta motiv oldim , o'zimga bolgan ishonchim oshdi , bu safargisidan ham shuni kutib qolaman

From last event I got a great motivation and I look forward to it again.

Design Club loyihasini boshqa shahrlarda ham aynan shunday atmosferada o'tkazishni yolga qoyish kerak

It is necessary to organize such kind of project in other cities like this atmosphere.

O'tgan galgi eventlarga borishni juddalar xohlagandim, ammo Farg'onada ekanligim sabab imkon bo'lmagan. Borganlarning hammasida ajoyib taasurotlarni ko'rgandim. Mana endi o'zim ham borish imkoniga egaman)

I had no chance to go to the last event. But I get great impressions from people.I wanna go to the next event very much.

Izohsiz, zo'r proekt! omad

No comment,excellent project,good luck!

Хамма event лар юкори даражада булип утган, ва буляпти

All events have taken place and are taking place at a high level.

Kelajakda xalqaro miqyosda ham eventlar o'tkazish rejada bormi? Misol uchun internet olamida mashxur o'ta tajribali chet ellik dizaynerlar bilan ham online meetinglar uyushtirilsa judayam qiziq bo'lardi. Buni ilojisi bir deb o'ylayman.

If events are taken place with well-known people (for ex,experienced designers) or online meetings with them,it will be so useful.

## PROJECTS STARTED WITHIN THE DESIGN CLUB.

Interviews with designers,  
Video answers from well-known  
designers to the most  
professional questions.

Books and manuals in the field of design  
will be translated into Uzbek.
